SHARED VISION

Where we want to be in 5 years
To provide an integrated community center that addresses residential, vocational, educational, social, and recreational needs of persons with developmental disabilities.

- Financially secure
- Break ground on community concept
- Permanent home for retail
- Solid benefits to city/community
- Listed as a 'state level' resource
- Grow population participation 100%
- Be among reasons families move to McCall

This past year, we've seen incredible growth in our community, with new partnerships and opportunities that have positively impacted the lives of those we serve. The introduction of our fundraising event, Venetian Nights, took Toby's Place to a whole new level as we focus on building independent apartments for people with disabilities. At the event, windows, roofing, hvac, finish carpentry and excavation were donated for our project. What an enormous blessing! As we look ahead, we remain committed to expanding our reach and continuing to foster an inclusive environment where every person can have the independence they deserve in an environment in which they can thrive. We are incredibly grateful for your support as we continue to serve these amazing people!

Suzie Rohnert, Founder/Executive Director

2024 Income Statement

Revenue	Expenses	Net Revenue
\$406,340	\$314,171	\$92,169

Thanks to our future building crews!
At our first Venetian Nights fundraising event, we were blessed to have received donations of windows, roofing, hvac, finish carpentry and excavation for building our future community!

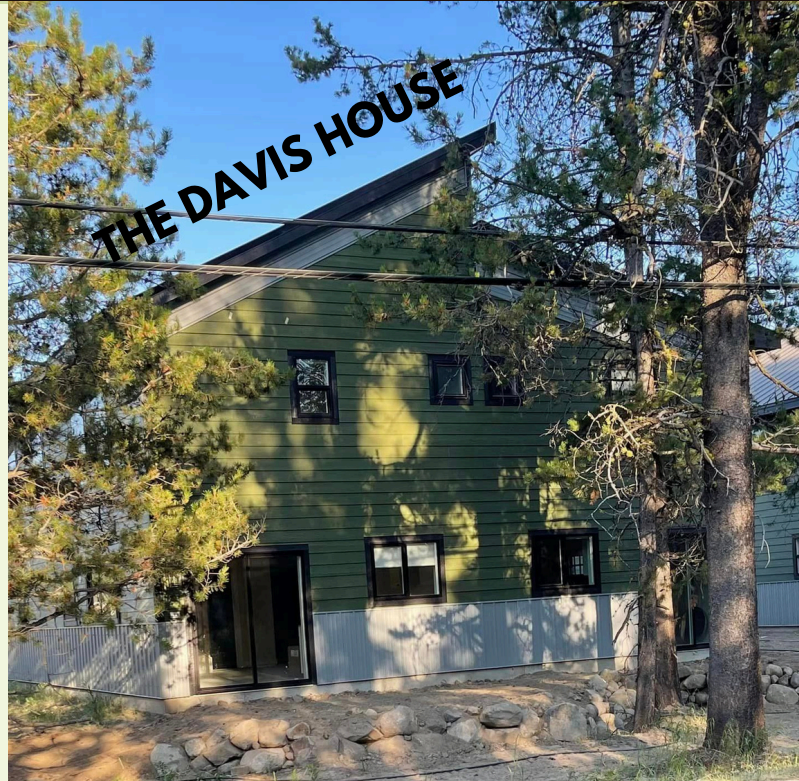

A TP Success Story By Nick Ingram

Toby's Place has been such a big help in my life since they first opened their doors in 1088. I started my first job at the thrift shop, learned the necessary job skills to now work two other jobs over 40 hours a week.

I was one of the first residents at Toby's Place Shared Housing Option at the Davis House. I even got my driver's license this past year. Toby's Place has given me the confidence to reach for my goals in life.

Thank You Toby's Place!

Looking back at 2024
